Serial No.

The Hospital Asst in his bill for dec 1897 & January 1898 claims the Special conveyance allowance granted under note 1 to art 569 of the M.S.R. He says that he maintained a bicycle and here is the certificate of the Surgeon to that effect. It may be presumed from clause (5) under art 578 A that bicycle is included in the term "Conveyance" as used in the M.S.R.

the information on the point could be had. There seems to be no order stating that the bicycle is a conveyance. This point can only be decided by an inference. In support of the point mentioned in the note of the 5/12/05, it may be stated that a cycle allowance of Rs 10 a month is sanctioned to the Registrars of births and deaths in the Bangalore city in G.O. No: LSP 385-6 of the 30/9/1903.

A conveyance in the ordinary acceptation of the term is applied to any vehicle used for carrying persons or things from one place to another. In this sense a bicycle is also a conveyance.

The allowance granted to the Hospital Assistant under note to art 669 of the M.S. Regulations is "conveyance or horse allowance". As the allowance is granted

With officers who is not entitled to travelling allowances under the ordinary rules it is evidently intended to reimburse the cost of maintaining the conveyance the question therefore resolves itself to this, — does the cost of maintaining a bicycle involve extra cost? Though the cost of maintaining a conveyance varies with the nature of the conveyance, the maintenance of a bicycle does not the same entail additional cost, though it may perhaps cost less than the maintenance of a horse or other conveyance. As the amount of the conveyance allowance granted to the Hospital assistant is not regulated by the cost of maintaining the conveyance, but is fixed at ~~=~~ 12 annas per day irrespective of the cost, the allowance claimed in the bill may be sanctioned.

Point is doubtful. Noted Vide Secy

I may state here that motor cars are not brought under any taxation and yet offers no way than engagement of annual mileage and daily allowance. There is no provision why any differentiation should exist between these two things except vehicles and bicycles.

1) The letter cited & the Comptr's involves several questions & is being ~~decided~~ decided separately.

2) One point common to both the Govt. letter & this reference is the question whether a bicycle is a "Conveyance" within the definition of that term as defined in the S. Rs. This has to be decided while writing the Rs. Meanwhile may be put-by as this is a Spl case.
